

INTERNATIONAL JOURNAL OF MEDICINE AND BIOMEDICAL RESEARCH

It is required that all authors sign the copyright form (form a), declaration of conflict of interest form (form b), and a statement of authors' contributions (form c).

COPYRIGHT

Manuscript Title:

Manuscript Number:

I/we certify that I/we have participated sufficiently in the intellectual content, conception and design of this work or the analysis and interpretation of the data (when applicable), as well as the writing of the manuscript, to take public responsibility for it and have agreed to have my/our name listed as a contributor. I/we believe the manuscript represents valid work. Neither this manuscript nor one with substantially similar content under my/our authorship has been published or is being considered for publication elsewhere. Neither this manuscript nor a substantially similar content has also been archived elsewhere (if it has been archived, kindly state. Also be informed that if manuscript is accepted for publication, the archived pre-print must be replaced with the published article). I/we certify that all the data collected during the study is presented in this manuscript and no data from the study has been or will be published separately. I/we attest that, if requested by the editors, I/we will provide the data/information or will cooperate fully in obtaining and providing the data/information on which the manuscript is based, for examination by the editors or their assignees.

While I/we retain the copyright, I/we grant the publisher, Michael Joanna Publications, a license to publish the article and identify itself as the original publisher. Also, author(s) agree(s) to publish articles under the terms of the creative commons Attribution 4.0 license (<http://creativecommons.org/licenses/by/4.0>) which permits unrestricted use, distribution, and reproduction in any medium, provided the original work is properly cited.

We give the rights to the corresponding author to make necessary changes as per the request of the Journal, do the rest of the correspondence on our behalf and he/she will act as the guarantor for the manuscript on our behalf.

No one who has contributed significantly to the work has been denied authorship and those who helped have been duly acknowledged.

I/we also agree to the authorship of the article in the following sequence:

Authors' Names (Add more lines if authors >6) Signature (a scanned signature is acceptable) and date

CONFLICT OF INTEREST POLICY

Manuscript Title and Number:

DECLARATIONS

International Journal of Medicine and Biomedical Research require that all authors sign a declaration of conflict of interest. If you have nothing to declare in any of the categories, then it should be stated.

CONFLICT OF INTEREST AND SOURCE OF FUNDING

A conflict of interest exists when an author or author’s institution has a financial or other relationship with people or institution that may inappropriately influence the authors’ action. All submission to **International Journal of Medicine and Biomedical Research** must include disclosure of such relations that could be viewed as presenting a potential conflict of interest. **International Journal of Medicine and Biomedical Research** may use such information as a basis of editorial decision and may publish such disclosures if they are believed to be important to readers in judging the article.

CONFLICT OF INTEREST STATEMENT FOR AUTHORS

Authors must disclose all financial, personal or other relationships with people or institutions within three years of beginning the study that may inappropriately influence the work submitted. Examples include employment, consultancies, stock ownership, honoraria, paid expertise testimony, patent applications, registrations, and grants. If there is no conflict of interest, author should state that there is none in the box. All potential conflicts of interest should be stated.

Kindly state the conflict of interest

.....
.....
.....

ROLE OF FUNDING SOURCE

All source(s) of funding should be declared in the box. If there is no sponsor, author should state that there is none in the box Authors must also state the role of study sponsor(s), if any, in the study design; data collection, analysis, and interpretation; in writing the report and in decision to submit the manuscript for publication. If the study sponsor(s) has no such involvement, the authors should so state.

Kindly state any source(s) of funding for the research

.....
.....
.....

PREVIOUS PRESENTATION

Previous publication of the findings of the study as an abstract in a conference proceedings does not preclude subsequent submission of the data for publication, however, this should be fully disclosed.

Kindly disclose in details if the data presented in the study has been published as an abstract in a conference proceedings
